### ABOUT

I am a dedicated Front End Developer with a passion for scalability and a focus on collaborative problem-solving. I use my years of experience in effective communication and teamwork to create positive, accessible, and high-performing web experiences.

### PROJECTS

#### HANGMAN | [\[LIVE\]](#) [\[REPO\]](#)

React, SASS, RESTful API, Firebase

- Users are given 6 attempts to guess a word, one letter at a time
- Users lose points for wrong guesses and for retrieving hints
- Words generated from a 3rd-party API
- Cross-referenced to Marriam Webster Dictionary API for definitions
- Users can post their names and scores to the leaderboard hosted by the Realtime Database in Google's Firebase

#### NY TIMES NEWS | [\[LIVE\]](#) [\[REPO\]](#)

JSX, React, CSS, NYTimes API

- Real-time feed of NYT articles
- Users can type keywords to search for publications
- Fetched data using Axios

#### STICKY NOTES | [\[LIVE\]](#) [\[REPO\]](#)

JavaScript, HTML, CSS, Local storage API

- Allows users to create and save notes with daily tasks, events, etc.
- Added features: font colour palette, sketching, night mode

### EXPERIENCE

#### Boxing Personal Trainer, Founder & Owner

Pitpulse Boxing Toronto | 2018 - 2021

- Started my own personal training business after graduating and moving to US/Canada
- Used my interpersonal, teamwork, and leadership skills to grow a stable clientele
- Used my organizational and multitasking skills to coordinate personal training sales, manage the website and social media channels, nurture customer relations, and overlook receivables
- Closed business in early 2021 with a firm decision to pursue a career change in web development
